Dear Bill, 7/28/96

Royp 7/23 I've no idea where such a Mannlicher-Carcanno can now be obtained. I got the one I had in Gleddale, CA and gave it to Wood College years ago.

I do not believe any part of the Files story.

A number of those in jail or facing it came up with such stories, many more in the King case.

They apparently hoped for some benefit from it or were just having fun.

More later.
